Re: *Administrative application dated March 21, 2000 for Home-Stake Oil & Gas Company to directionally drill its proposed Mazingo Well No.12 from a surface location 365 feet from the North line and 1593 feet from the East line (Unit B) of Section 27, Township 22 South, Range 37 East, NMPM, Lea County, New Mexico to an unorthodox bottomhole oil well location within the Undesignated South McCormack-Silurian Pool 150 feet from the North line and 1470 feet from the East line (Unit B) of Section 27.*

Dear Mr. Bruce:

On Thursday, April 13, 2000 the Division received an objection from Natalie Kaplan and Fern N. Trevino to the subject application, see copy of a letter attached.

Further, the Division's records indicate that on April 11, 2000 you requested the Division also set this matter for hearing before a Division examiner and styled the advertisement such that in the absence of objection this case would be taken under advisement. Case No. 12404 was assigned this case and is currently docketed for the May 4, 2000 hearing.

Since an objection has been filed Home-Stake Oil & Gas Company is expected to appear, present appropriate testimony to support its request, and be available for cross-examination at the May 4, 2000 hearing.

Should there be questions concerning this matter, please contact me in Santa Fe at (505) 827-8185.

Sincerely,

Michael E. Stogner
