Re: Application LG&E Natural Pipeline, L.L.C. for Special Pool Rules for the Grama Ridge Morrow Gas Storage Unit, Lea County, New Mexico; Oil Conservation Division Case No. 12441

Dear Scott:

As I informed you in my July 7th and July 17th letters, our clients were anxious to obtain the documents requested from LG&E so that a meeting between the parties could be scheduled. Now that LG&E has finally produced some of those documents, we are in a position to schedule a meeting.

As you know, the State Land Office has recently expressed a desire to be involved in any meeting between LG&E and the parties affected by LG&E's pending application. I understand that a meeting has been scheduled for the attorneys involved in this matter tomorrow at 9:00 a.m. at the State Land Office to outline the issues which need to be addressed.

I suggest that we schedule a follow-up meeting between LG&E and all affected parties in Midland in early August. Our office will make arrangements to have a conference room available in Midland to accommodate the number of people expected. Please provide dates in early August when your clients are available so that a final date can be arranged as quickly as possible.

Thank you for your efforts in this matter.

Sincerely,

Michael H. Feldewert
