Re: *Application of Fuel Products, Inc. for Compulsory Pooling, Eddy County, New Mexico*

Ladies and Gentlemen:

This letter is to advise you that Fuel Products, Inc. has filed the enclosed application with the New Mexico Oil Conservation Division seeking an order pooling all mineral interests underlying the E/2 of Section 18, Township 18 South, Range 28 East, NMPM, Eddy County, New Mexico, in the following manner: all formations and/or pools developed on 320-acre spacing within that vertical extent, including but not limited to the Undesignated North-Illinois Camp-Morrow Gas Pool; all formations developed on 160-acre spacing underlying the SE/4; and all formations developed on 40-acre spacing underlying the SE/4 SE/4, which includes, but is not necessarily limited to, the undesignated Empire Abo Pool, the undesignated Artesia Queen-Grayburg-San Andres Pool, and the undesignated Red Lake Queen-Grayburg-San Andres Pool. Said spacing and proration units are to be dedicated to Fuel Products' proposed Illinois Camp 18 State #1 Well, to be drilled at standard location in the SE/4 (Unit P) of said Section 18. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of Fuel Products, Inc. as operator of the well and a charge for risk involved in drilling said well.

This application has been set for hearing before a Division Examiner on July 13, 2000. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Re: *Application of Fuel Products, Inc. for Compulsory Pooling, Eddy County, New Mexico*

Ladies and Gentlemen:

This letter is to advise you that Fuel Products, Inc. has filed the enclosed application with the New Mexico Oil Conservation Division seeking an order pooling all mineral interests underlying the E/2 of Section 18, Township 18 South, Range 28 East, NMPM, Eddy County, New Mexico, in the following manner: all formations and/or pools developed on 320-acre spacing within that vertical extent, including but not limited to the Undesignated North-Illinois Camp-Morrow Gas Pool; all formations developed on 160-acre spacing underlying the SE/4; and all formations developed on 40-acre spacing underlying the SE/4 SE/4, which includes, but is not necessarily limited to, the undesignated Empire Abo Pool, the undesignated Artesia Queen-Grayburg-San Andres Pool, and the undesignated Red Lake Queen-Grayburg-San Andres Pool. Said spacing and proration units are to be dedicated to Fuel Products' proposed Illinois Camp 18 State #1 Well, to be drilled at standard location in the SE/4 (Unit P) of said Section 18. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of Fuel Products, Inc. as operator of the well and a charge for risk involved in drilling said well.

This application has been set for hearing before a Division Examiner on July 13, 2000. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.
