**Re: Administrative application for an exception to Division Rule 104.C (3) to form four non-standard gas spacing and proration units in irregular Section 11, Township 32 North, Range 7 West, NMPM, San Juan County, New Mexico for Pictured Cliffs gas production.**

Dear Ms. Cole:

In reviewing this matter further, it appears that your application is beyond the scope of the Division's administrative authority under Division Rule 104.D (b) since the proposed units are based on boundary lines that are arbitrary and do not follow the set standard contained in Division Rule 104.C (3).

This application will therefore be set for hearing before a Division Hearing Examiner on the next available docket scheduled for August 24, 2000. Please provide adequate notice pursuant to Rule 1207.A (5) of the Division's Rules and Regulations.

Sincerely,

Michael E. Stogner  
Chief Hearing Officer/Engineer
