***Re: Application of Harvey E. Yates Company for compulsory pooling, Eddy County,
New Mexico.***

Ladies and Gentlemen:

This letter is to advise you that Harvey E. Yates Company has filed the enclosed application with the New Mexico Oil Conservation Division seeking the compulsory pooling of certain spacing and proration units in the W/2 of Section 8, Township 18 South, Range 29 East, NMPM, Eddy County, New Mexico. Said units will be dedicated to HEYCO's proposed Poco Loco 8 Federal Com. Well No. 1 which it proposes to drill at a standard location 860 feet from the South line and 1980 feet from the West line of said Section 8 to test all formations from the surface to the base of the Morrow formation.

This application has been set for hearing before a Division Examiner on September 7, 2000. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 1208.B to file a Prehearing Statement three days in advance of a scheduled hearing. This statement must include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.
