Re: OCD Case No. 3976; Order R-3621

Dear Examiner Catanach:

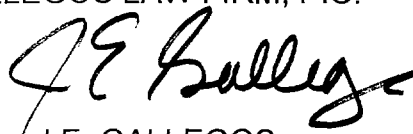

We have now filed an Application on behalf of Doyle Hartman to correct Order No. R-3621 to reflect the true injection interval for the McKinney State No. 1 SWD. A courtesy copy of the Application is enclosed. The well has been shut-in at the request of the Hobbs district office, apparently pending our filing of an application for a correction of Order R-3621.

In recognition of the documented sound condition of the McKinney State No. 1 wellbore it is justified, and therefore requested, that during the interim until the application is acted upon, Hartman be permitted to return the well to water injection service. Please advise of the Division's position on this request and whether any additional information than that set forth in the application is desired.

Sincerely,

GALLEGOS LAW FIRM, P.C.
