

## Timeline of Events

5/11/00 – District II notifies operators of non-compliant wells – District says only operator to respond was NGX, and no operators took any steps to bring wells into compliance

9/8/00 – District again notifies operators of non-compliant wells and that these wells needed to be brought into compliance within 60 days.

9/14/00 – Wiser receives fax from District II of inactive wells.

???? – Application for hearing states that a subsequent correspondence (no date given) is sent to operators that failure to bring subject wells into compliance would result in a show-cause hearing. Again, the division states that no response from operators was received

12/19/00 – Wiser personnel meet with Tim Gum to discuss shut-in well list and plan of action to bring wells into compliance

1/22/01 – Wiser receives letter from Tim Gum, referencing the 12/19/00 meeting, stating he still has not received work plan discussed in meeting

1/25/01 – Mike Jones of Wiser submits a work plan to Tim Gum outlining plugging/workover/TA/PA proposal

5/16/01 – Mike Jones submits letter to Artesia office outlining plans for the Lea C lease and explaining Wiser's plan to sell the properties.
