Re: Hay Hollow 25 State #001 Well  
Section 25, T25S, R27E  
Eddy County, New Mexico

Dear Mr. Gum:

In your letter of December 26, 2000, you mention the captioned well as an "inactive non-compliance well". BC Development, LP sold this well to Great Western Drilling Company in about 1996 or 1997. All of our files went to Great Western so we do not have an exact date.

You may want to look to Great Western for their reply to your letter. The latest address we have for them is 700 West Louisiana, Midland, Texas 79701.

We hope this gives you the information to get this situation covered.

Very truly yours,

Larry R. Snyder  
Landman
