STATEMENT OF CASE

APPLICANT

Applicant seeks an order pooling all mineral interests in the following described spacing and proration units in Section 22, Township 4 South, Range 31 East as follows: the N/2 for all formations and/or pools developed on 320-acre spacing; the NE/4 for all formations and/or pools developed on 160-acre spacing; the S/2 NE/4 for all formations and/or pools developed on 80-acre spacing; and the SE/4 NE/4 for all formations and/or

pools developed on 40-acre spacing. Said well is to be dedicated to its Stevenson Well No. 1 to be located at a standard location 1980 feet from the North line and 660 feet from the East line of Section 22 and drilled to a depth sufficient to test all formations from the surface to the base of the basal Penn unconformity sand formation. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof as well as actual operating costs and charges for supervision, provisions governing subsequent operations on the pooled units, designation of Petrocap, Inc. as operator of the well and a charge for risk involved in drilling said well. Said area is located approximately 2 miles West of Elida, New Mexico.
