Dear Sirs:

Great Western Drilling Ltd. (GWD) hereby proposes a competing drilling proposal on the captioned well at the legal location referenced above to test the Atoka and Morrow gas formations. This well will be drilled to an approximate vertical depth of 14,000' and the proposed spacing unit for the well will be the E/2 of Section 34. In the event that you should desire to participate in the drilling of this well, please so indicate by signing and returning one copy of the AFE to my attention. In the event that you should elect to not participate in the drilling of this well, please contact the undersigned, so we can make a mutually acceptable agreement on your interest. After obtaining appropriate agreements with all owners, we plan to start the well in the fourth quarter of 2002.

Thank you for your consideration and earliest reply to this proposal.
