That Mid-Continent Petroleum Corp. is the owner of an oil and gas lease in Lea County, New Mexico, the land consisting of other than a subdivision of a single governmental section and described as follows:

TOWNSHIP 21 SOUTH, RANGE 36 EAST, NMPM  
W/2, SW/4 of Section 12

That Mid-Continent Petroleum Corp. has a well on the aforesaid lease known as the Mid-Continent Petroleum Corp. C. W. Marshall Well No. 2 located 660 feet from the East line and 1980 feet from the South line of Section 11, T-21-S, R36E, said location being 660 feet from the West and North lines of the above described contiguous acreage. That a plat is attached hereto, called EXHIBIT "A", which shows the acreage to be dedicated, the well location, offset gas wells, and offset ownership.

That the aforesaid well is located within the horizontal limits of the pool heretofore delineated and designated as the Eumont Gas Pool.

That it is impractical to pool the aforesaid lease with adjoining acreage due to economic difficulties and the existing spacing and proration units now around this lease.

That all of the acreage in the proposed unit is reasonably presumed to be productive of gas from the Eumont Gas Pool as evidenced by the offset gas wells now producing from said pool.

That unless the proposed unit is authorized for the purpose of gas proration, Mid-Continent Petroleum Corp. will be deprived of the opportunity to recover its just and equitable share of recoverable hydrocarbons in the Eumont Gas Pool.

That the granting of this unit will not adversely affect the correlative rights of any offset owners but will protect the correlative rights of applicant, prevent waste and avoid the drilling of unnecessary wells.

That by copy of this application, sent by registered mail, the offset operators and operators owning interests in the sections in which the unit is located have been notified of these intentions. That the mailing list is attached hereto.
