Re: Manry State Well No. 1  
SW/4 NE/4 Sec. 6, T-13-S, R-32-E

Gentlemen:

The records of the Oil Conservation Commission of New Mexico indicate that the above-referenced well is being operated by Manry and Company, 503 Esperson Building, Houston 2, Texas.

Recent developments concerning the pilot water flood project in the Caprock-Queen Pool in Lea County, New Mexico, indicate that the well is being operated by Graridge Corporation. If this be the case, please file Form C-110 showing the change of operator for the well.

Very truly yours,

William J. Cooley  
Commission Attorney
