Dear Mr. Livingston:

In reply to your letter to Mr. A. L. Bert,
editor of The Artesia Advocate, in which you
questioned the statement for publication of
Case No. 32.

It seems to me that you have been slightly
misinformed as to the date of publication of the
above legal. The notice which was sent out on
April 30, was published in the next issue of The
Advocate and not two weeks later as stated in
your letter. I am inclosing a tear sheet from
The Advocate, dated May 7 showing this publication.

Mr. Bert really did not have anything to do
with the publication or the billing of same. If
in the future you will direct your communication
to The Artesia Advocate or to me, publisher of The
Artesia Advocate, you will probably get quicker
attention as Mr. Bert's personal mail is sent out
on the city route to his residence.

Re: Case No. 32

Gentlemen:

The writer is profoundly grateful to you for your letter of May 27 enclosing tear sheet showing that the Notice in the above captioned case was in fact published on May 7; however, the publisher's Proof of Publication, signed by Mr. A. L. Bert under oath, states that the said Notice was published May 14, which Proof of Publication is herewith returned.

The confusion did not occur, as you stated, by reason of this department's directing the letter of transmittal with Notice for Publication to Mr. A. L. Bert, for said letter of transmittal dated April 30 was to the "Artesia Advocate", copy of which letter is enclosed for your information.

The "Proof" of Publication which turned out to be erroneous as to date of publication did not arrive until about the time set for the hearing. Insofar as the publication in the Artesia paper was concerned the Commission could not rely upon the publication in your paper for service as provided by law by reason of the fact that said Proof of Publication stated that the Notice was published May 14, just 4 days before the hearing. You can, therefore, readily see the confusion that has transpired.

Very truly yours,

Carl B. Livingston
Chief Clerk & Legal Advisor.

Re: Consolidation of Forms

Operator's Monthly Reports

Gentlemen:

Reference is made to Forms C-108 and C-109, Operator's Monthly Reports. Many operators have objected to the use of these two Forms for the following reasons:

1. Duplication of information.
2. Conservation of paper.
3. Shortage of clerical help brought about by the war emergency.

The New Mexico Oil and Gas Association respectfully requests that a hearing be called at an early date, for the purpose of considering the adoption of a Form which proposes to consolidate all the information now contained in Form C-108 and Form C-109. Supporting evidence will be submitted by Lea and Eddy County operators.

Respectfully,

NEW MEXICO OIL AND GAS ASSOCIATION
