THE DEEPENING OF AN UNORTHODOX)
LOCATION)

No. _____

TO THE HONORABLE OIL CONSERVATION COMMISSION OF THE STATE OF
NEW MEXICO:

The Petitioners, herein appearing by their attorney,
Donald S. Bush of Artesia, New Mexico, hereby make application
for an order approving the deepening of an unorthodox location
located 220 feet from the North line and 2420 feet from the East
line of Section 28, Township 18 South, Range 28 East, N.M.P.M.,
Eddy County, New Mexico; said location being closer to the
boundary lines of the units involved than is permitted by general
rules and regulations, and in support thereof respectfully state
as follows:

1. That said unorthodox location was known as the
Flynn, Welch; and Yates State No. 13 Well, and was previously
completed to a total depth of 2120 feet on or about the 10th day
of June, 1925, prior to the enactment of the Oil and Gas
Conservation Laws of the State of New Mexico.

2. That the unit on which said well was drilled is a
part of that certain oil and gas lease No. 647, title to which,
by subsequent assignments, has been lodged in Malco Refineries,
Incorporated, Dale Resler d/b/a Resler Oil Company, and Martin
Yates Jr., as co-owners.

3. That your Petitioners desire to deepen said unorthodox
location to a depth of approximately 2900 feet for the reason that
the production of said well has been reduced below the economic
limit of production and that by deepening said well, your

Petitioners can more economically obtain the geological information necessary to determine the feasibility of drilling said acreage to said lower depth.

4. That the owner of the forty acre unit, immediately adjacent on the West of the unit affected by this Petition, makes no objections to the requests contained herein, as shown by the Waiver, hereto attached, marked Exhibit "A" and made a part hereof.

In consideration of the foregoing statements, your Petitioners respectfully request that the Commission give notice as required by the rules and regulations of the Commission; that a hearing on this matter be held; that the Petitioners be permitted to offer proof of the facts herein stated, and that the Commission make the following finding and order, to wit:

A. That the Commission execute an order authorizing your Petitioners to deepen the unorthodox location as herein stated.
