Mr. R. R. Spurrier  
Oil Conservation Commission  
P. O. Box 871  
Santa Fe, New Mexico

Dear Sir:

We are herewith enclosing original and two copies of application for exception to drill a gas well on a unit of 160 acres but in an unorthodox shape.

The application contains a list of interested parties with their addresses. However, we understand that a portion of same acreage may have been farmed out to Clay & Gackle, Fair Building, Fort Worth, Texas, so that they should likewise be notified.

For your convenience we are enclosing enough copies of our application for each of the parties involved.

We would appreciate having this matter set down for hearing, and as we have hearings already set for April 17, 18, 19, 26 and 27, any date except these would be satisfactory.

Please advise such date as soon as set so we can make our plans accordingly.

Yours very truly,

*George W. Selinger*

Dear Sir:

In furtherance of our application which we believe is set for hearing at 10 o'clock a.m. Tuesday, May 23rd we find that both our application and letter fails to state that El Paso Natural Gas Co. should be advised of our application and hearing and should therefore receive notice of our hearing. Their address is 1901 National Standard Building, Houston, 2, Texas to the attention of Mr. Tucker.

We also wish to make a correction in Paragraph 4 of our application following the word "unit", in the 3rd line by striking the remainder of the sentence which reads, "and it is the understanding of this applicant that they will propose to locate their gas well in the center of the W/2 of their 160 acre unit."

Very truly yours,
