Re: Case 509 Application To

Laughlin No. 1 Well,  
Monument Field, Lea County,  
New Mexico

Gentlemen:

We have been advised that due to a typographical error in Amerada's application for authorization to dually complete their Laughlin No. 1 Well, located in the NW/4 of the NW/4 Section 9, T-20-S, R-37-E, Lea County, New Mexico, it will be necessary to have waivers from offset operators in lieu of a rehearing before the Commission.

The Gulf Oil Corporation is agreeable to the proposal, and we hereby waive any objections to this gas/oil dual completion.

Yours very truly,

GULF OIL CORPORATION

Dear Sirs:

On the original application before the New Mexico Oil Conservation Commission, to dually complete the Amerada, Laughlin No. 1, Monument Field, Lea County, New Mexico, there has been a typographical error. This application dated February 13, 1953, and assigned case number 509, reads the following:

- (a) That Amerada Petroleum Corporation Laughlin No. 1 located in NW/4 of NW/4 Section 20, Twp. 20-S, Rge. 37-E, Lea County, was completed ...

The corrected application should read:

- (a) That Amerada Petroleum Corporation Laughlin No. 1 located in NW/4 of NW/4 Section 19, Twp. 20-S, Rge. 37-E, Lea County, was completed ...

It will be appreciated if the attached waiver be executed and returned to this office.

Yours very truly,

Amerada Petroleum Corporation
