DALLAS, TEXAS

Dear Mr. Webb:

This is to advise that the petition of El Paso Natural Gas Company for approval of its projected La Ventana Unit may be set for hearing at the Commission's regular hearing of September 17, 1953.

It is customary for applicants to furnish a copy of the unit agreement prior to hearing in order that it may be studied by the Commission, and we prefer that you do so in this case. Unless we hear otherwise, the case will be advertised for September 17.

Yours very truly,

R. R. Spurrier

Secretary  
The Oil Conservation Commission  
of the State of New Mexico  
State Land Office  
Capitol Building  
Santa Fe, New Mexico

Gentlemen:

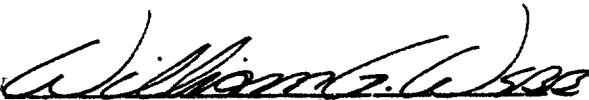

Please find enclosed herewith original and two executed copies of El Paso Natural Gas Company's Application for approval of the La Ventana Unit Agreement, situated in Sandoval County, New Mexico, and containing 20,653.00 acres, more or less.

Said agreement has heretofore been approved by the Director of the United States Geological Survey as to form and area. The Unit Agreement is being prepared at the present time and therefore we have not attached copies of same; however, such unit agreement is in substantial conformity with the form of unit agreement heretofore approved by the Commission for lands lying within the State of New Mexico. You have our assurance that upon a hearing in this matter, copies of the unit agreement will be furnished to you.

If you will kindly advise the undersigned of the date of the hearing of the Commission at which this Application will be considered, we will be very grateful.

Yours very truly,

TURNER, WHITE, ATWOOD, McLANE  
and FRANCIS
