Case 661

JAN 14 1954

New Mexico Oil Conservation Commission
Santa Fe, New Mexico

Re: Request for Hearing for
Exception to Rule 7 (a)
of Commission Order No. R-370-A

Gentlemen:

Please accept this as a request for a hearing for an exception to Rule 7 (a) of the Commission's Order No. R-370-A, Eumont Gas Pool, Lea County, New Mexico.

Our N. B. Bordages Lease (Federal Lease No. Las Cruces 055715) contains 160 acres, 120 acres in NW/4 of Section 33, Township 19S, Range 37E (all of NW/4 except SW/4 of NW/4) and 40 acres in Section 28, Township 19S, Range 37E (SE/4 of NW/4). The lease has 1 gas well, the Bordages No. 1 in the NW/4 of NW/4 of Section 33. *sw/4*

The well, 330' from the north and west lines of Section 33, was originally completed as an oil well and was re-completed as a gas well in November, 1952 with Southern Union Gas Company taking the gas.

The well production is in the upper 25% for wells in the pool and there are no other gas wells in the NW/4 of Section 33 as noticed from the attached plat which shows all gas wells on adjoining tracts.

An attempt to unitize the SW/4 of the NW/4 of Section 33 with our 120 acres in the NW/4 of Section 33 was unsuccessful. We would appreciate it very much if this application is approved and a hearing for an unorthodox gas proration unit set for the regular hearing on February 17, 1954.

Yours very truly,

GREAT WESTERN PRODUCERS, INC.
