February 23, 1955

Mr. A. L. Porter, Jr.
Oil Conservation Commission
P. O. Box 2045
Hobbs, New Mexico

Dear Mr. Porter:

I am enclosing forms C-104 requesting an increase in gas and distillate allowable for our Drinkard #2 and Drinkard #4 wells in Lea County, New Mexico.

We have recently completed a unitization agreement with Gulf Oil Corporation and now respectfully request that the Oil Conservation Commission grant these wells recognition as being contained within a full 160 acre unit, and full allowables granted commencing March 1, 1955.

I am also enclosing for your approval form C-104 requesting full allowable on gas and distillate on our Gulf-State #1 well in Lea County, New Mexico. In a letter from Mr. W. B. Middlemist of this office dated September 24, 1955, we made this request, but I cannot find a reply from your office. I also note that in the gas proration schedule, Gulf-State #1-A is still recognized as only 80 acres, .50 unit.

Mr. Middlemist is at present on vacation so perhaps I am in error on the above paragraph, but I am sure that you will agree that the matter requires attention.

I would like to request then that the Gulf-State #1-A also be put on full allowable and retroactive to October 1, 1954.

If your file on the information that we have sent you is incomplete, please contact me at your earliest convenience and I will be happy to clarify anything that you may have in question.

Very truly yours,

WESTERN OIL FIELDS, INC.
