Case 1565

OIL CONSERVATION COMMISSION

1958 COT 31 AN 8:10

October 29, 1958

Continental Oil Co. Box 68 Eunice, New Mexico

Gentlemen:

We note that on the Application for Dual Completion form which you have recently submitted to this office for your Warren Unit Well No. 9 in Unit E of Section 27, T-20-S, R-38-E you have indicated that the Commission has not previously authorized the dual completion of a well in these same pools or in the same zones within one mile of the subject well.

Under the provisions of Commission Order R-1214, since such a dual completion has not been previously authorized, it will be necessary that this application be set for a Hearing, and we suggest that this request be made by letter addressed to our Santa Fe office.

Yours very truly,

OIL CONSERVATION COMMISSION
