Attention: Mr. A. L. Porter, Jr.

Gentlemen:

By this letter of application Amerada Petroleum Corporation wishes to state the following facts:

1. That Amerada is the operator of the L. W. Ward No. 2, located 1983' FSL and 520' FEL of Section 11, T-13-S, R-38-E, Lea County, New Mexico, in the Bronco Field.
2. That the subject well is presently completed in the Bronco (Devonian) Pool.
3. That applicant proposes to dually complete the subject well in an un-designated Mississippian Pool and in the Bronco (Devonian) Pool.
4. That this will be the second Mississippian completion in the Bronco Field. The first was the Amerada - L. R. Weems No. 7, which is located across the New Mexico-Texas state line from the subject well. A plat of the area is attached.
5. That the proposed dual completion will be effected by setting a permanent type packer between the two producing zones and running two parallel strings of 2-1/16" OD CS Hydril tubing.
6. That details of the proposed dual completion are shown on the "Application for Dual Completion" form and the diagrammatic sketch attached to this letter.

Therefore, it is respectfully requested that the New Mexico Oil Conservation Commission schedule for public hearing the application of Amerada Petroleum Corporation for permission to dually complete the Amerada-L. W. Ward No. 2 as described herein.

Yours very truly,

  
Ray E. Seifert
