CANCELLATION  
Administrative Order CT9-32

Gentlemen:

Reference is made to your application dated July 10, 1969, for administrative authority to commingle Blinebry, Tubb-Drinkard, Ellenburger, Montoya, and Fusselman production on your A. B. Coates "C" and "D" Leases in Section 24, Township 25 South, Range 37 East, Lea County, New Mexico. It is our understanding that all production from both leases is of common ownership; further that all production with the exception of the Ellenburger on the "C" lease and the Blinebry on the "C" lease is of marginal nature and that you therefore propose to commingle in the following manner:

System No. 1: Commingle "C" Ellenburger, Montoya, and Fusselman production after separately metering the Ellenburger production and determining total Montoya and Fusselman production by means of the subtraction method. Allocation of this total would then be to each pool and each lease on the basis of net oil computer tests.

System No. 2: Commingle "C" Blinebry and Tubb-Drinkard production and "D" Blinebry and Tubb-Drinkard production after separately metering the Blinebry production and determining the total Tubb-Drinkard production by means of the subtraction method. Allocation to each of the two leases would then be on the basis of monthly net oil computer tests.

Pursuant to the authority granted me under the provisions of Rule 303 (b) and Rule 309-B of the Commission Rules and Regulations, you are hereby authorized to commingle the production from the aforesaid pools and leases in the above-described manner. Provided however, that the installation shall be operated in accordance with the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities," including the requirement for non-reset counters on the meters, and that you shall notify the Commission in the event that any of the production which is now of marginal nature should become capable of top allowable. You are further requested to notify the Hobbs District Office of the Commission at such time as the revision of the installation is complete in order that an inspection may be made thereof.

Administrative Order CTB-32 dated September 25, 1958, which authorized certain commingling on the subject leases, is hereby superseded, and Commission Orders Nos. R-1297 and R-1330-A, which also authorized certain commingling on these leases, are hereby put in abeyance.

It is the responsibility of the producer to notify the transporter of this commingling authority.

Very truly yours,

A. L. PORTER, Jr.  
Secretary-Director
