Santa Fe, New Mexico

Re: Atoka - Pennsylvanian  
Gas Pool, Eddy County,  
New Mexico. O.C.C. Order  
No. R-1417

Dear Sir:

I propose to drill a field development well at a standard location in the NW/4 of Section 11, Township 18 South, Range 26 East in subject pool and request you enter an appearance for me on the docket of June 1, 1960, to hear my request for the following:

1. The granting of a non-standard 280-acre gas unit to comprise all the north one-half of said Section 11 except and excluding the SE/4 NE/4 of Section 11 which tract is under lease to Mobil Oil Company, or in the alternative,
2. Require the Mobil Oil Company to pool its 40-acre tract with the balance of 280-acres to be contributed by me to the standard unit.

It is further requested you agree to approve my Oil Conservation Commission form C-101 for location of the Atoka sand development well 1650 feet from the north line and 1650 feet from the west line of Section 11 pending outcome of the June 1, 1960, hearing since an early expiration date requires that I commence drilling at the described location by June 10, 1960.

Respectfully,

*Charles G. Loveless, Jr.*
