(5) That Pan American Petroleum Corporation has expressed its consent to the inclusion of its above-mentioned lease in the standard unit with the provision that its share of the oil and gas in place is not to be produced.

(9) That approval of the subject application will neither cause waste nor impair correlative rights.

IT IS THEREFORE ORDERED:

That the interests of all persons having the right to drill for, produce, or share in the production of dry gas and associated liquid hydrocarbons, or either of them, from the West Nuts-Dakota Pool underlying the W/2 of Section 27, Township 29 North, Range 13 West, N29W, San Juan County, New Mexico, be and the same are hereby force-pooled to form a standard 320-acre gas production unit in the West Nuts-Dakota Pool comprising all of said acreage.
