Gentlemen:

I represent Maleta Y. Brimhall and Harold M. Brimhall, of 6546 North 1st Place, Phoenix, Arizona.

Mrs. Brimhall has received a notice from your office regarding proposed drilling operations which would involve her property in San Juan County, New Mexico, as part of a proposed pool.

This property is a part of the SE $\frac{1}{4}$ of Section 7, Township 30, North, Range 11 West, NMEM.

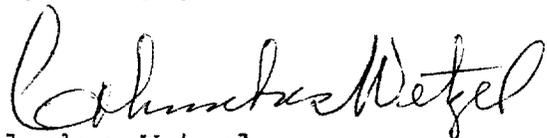

Apparently the hearing on this matter is set for Wednesday, May 24th.

Mr. and Mrs. Brimhall have not had sufficient notice to arrange for representation at this hearing and since they wish the opportunity to be heard, I am requesting that the hearing, insofar as it affects their interests, be continued for a reasonable time in order that they may make proper arrangements for their appearance.

Will you please advise me immediately as to the date of the recessed hearing.

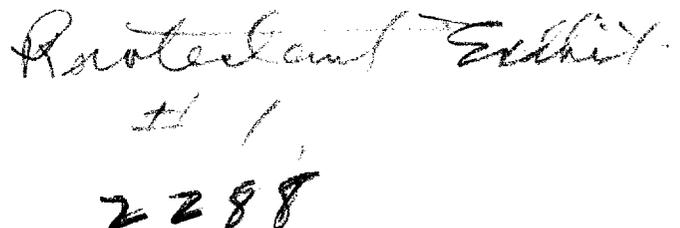

Mr. and Mrs. Brimhall are protesting the inclusion of their property in any operating pool and, therefore, are entitled to the opportunity to make a formal protest and to make an appearance in person and by attorney at any hearing which affects their interests.

Very truly yours,

Columbus Wetzel
