

Case 2016

July 10, 1962

Mr. L. B. Plumb
District Production Superintendent
Tenneco Oil Company
Durango, Colorado

Dear Mr. Plumb

Receipt of a copy of your letter to the New Mexico Oil Conservation Commission under date of July 6, 1962 applying for permission to conduct a water flood operation in the Cha Cha Gallup Pool, San Juan County, New Mexico is herewith acknowledged. Since none of the information referred to in the letter was submitted to this office, it will be impossible for me to determine, at this time, what the State Engineer's position may be with regard to your proposal. If the necessary information on which to base a decision is not received prior to setting for the hearing, then I will endeavor to appear at the hearing, ask questions that occur to me with regard to the proposed project and determine at that time whether the State Engineer should object to the granting of your application.

Yours very truly,

S. E. Reynolds
State Engineer
