Case No. 2660
Order N R-2348-A
Middle Lane Pennsylvanian Pool
Lea County, New Mexico

Dear Sir:

In the matter of Case No. 2660 which is to be re-opened to consider the temporary establishment of 80 acre proration units by Order No. R-2348-A, Midwest Oil Corporation respectfully requests a continuance to a later date and also requests that the scope of this hearing be broadened to provide for the consideration of the following items.

1. The establishment of 80 acre proration units.
2. The deletion of fixed well location requirements as provided for by Order No. R-2348.
3. The definition of vertical limits.
4. The establishment of permanent rules.

Since a continuance is requested only to provide for the discussion of additional rules it is our desire that it be re-scheduled at the earliest possible date available on your docket.

Thank you for the consideration and instructions which you have given us in this matter.

Very truly yours,

DOCKET MAILED

Mr. A. L. Porter, Jr.
Oil Conservation Commission
P. O. Box 871
Santa Fe, New Mexico

Dear Mr. Porter:

On Wednesday, October 10, 1962, the Commission Examiner will hear the application of Midwest Oil Corporation for establishment of rules for Pennsylvanian production in and about Midwest's LLE State Well No. 1, Section 14, Township 10 South, Range 33 East, Lea County, New Mexico.

This Company has acreage in the immediate area, and favors the establishment of reasonable rules governing said pool, including the provisions for 80-acre proration units and fixed well location requirements.

Yours very truly,

George W. Selinger
