Re: Case No. 2763: Application
of Sunray DX Oil Company for
Creation of Gas Pool and
Establishment of Temporary
Pool Rules, Eddy County,
New Mexico

Gentlemen:

As a working-interest owner, we hereby urge that the Commission establish a new gas pool for the Sunray DX State "AH" No. 1 Well located in Unit K of Section 30, Township 18 South, Range 23 East, Eddy County, New Mexico, and grant temporary pool rules as applied for by the Sunray DX Oil Company. We have reviewed the application made by Sunray DX Oil Company and believe that provisions therein will prevent waste and protect correlative rights.

Yours very truly,

W. P. Tomlinson

Dear Sir:

It is our understanding that Case No. 2763, which was originally scheduled for hearing on February 21, 1963, on the application of Sunray DX Oil Company for the creation of a new Strawn gas pool in Eddy County, New Mexico, and for adoption of temporary rules to cover the pool, has been continued until the first examiner hearing in March. The following is a statement of Pan American Petroleum Corporation's position concerning this application. It would be appreciated if you will read this statement into the record of the hearing.

Pan American Petroleum Corporation, as an interest owner in acreage in the vicinity of Sunray DX Oil Company's State "AH" No. 1, Section 30, T-18-S, R-23-E, Eddy County, New Mexico, supports Sunray DX Oil Company's application for creation of a new pool and for adoption of temporary rules for this pool to include, among other things, 640-acre gas proration units. In our opinion, the indications that the Strawn formation is capable of affording wide drainage are sufficient at this time to justify the establishment of temporary 640-acre proration units.

Yours very truly,

cc: Sunray DX Oil Company
