The forms have also been adopted and recommended by the Regulatory Practices Committee and the Executive Committee of the New Mexico Oil and Gas Association.

Adoption of the forms by the Commission will also entail amendment to numerous rules and orders of the Commission, particularly in Section M of the Rules and Regulations, wherever reference is made to the title or form number of an existing form which would be revised, or where detailed instructions for completing and filing of forms would not be consonant with the proposed forms.

It is further proposed to amend Rule 1121 of the Rules and Regulations and Rule 7 (A) of the General Rules and Regulations for Prorated Gas Pools in the State of New Mexico as promulgated by Order No. R-1670 to require that gas purchasers' nominations be submitted not later than the first day of the month during which the nominations will be considered at the monthly allowable hearing.

It is also proposed that said Rule 7 (A) be further amended to require that gas purchasers shall file a supplemental nomination for the purchase of gas each month.

Copies of all proposed forms are available at the office of the Oil Conservation Commission, State Land Office Building, Santa Fe, New Mexico.
