STATE OF NEW MEXICO
ENERGY AND MINERALS DEPARTMENT
OIL CONSERVATION DIVISION

IN THE MATTER OF THE HEARING
CALLED BY THE OIL CONSERVATION
COMMISSION OF NEW MEXICO FOR
THE PURPOSE OF CONSIDERING:

CASE NO. 5007
Order No. R-7820

APPLICATION OF BELCO PETROLEUM
CORPORATION FOR A DRILLING PERMIT
IN THE POTASH-OIL AREA, LEA COUNTY,
NEW MEXICO.

ORDER OF THE COMMISSION

BY THE COMMISSION:

This cause came on for hearing at 9 a.m. on June 28 and August 7, 1973, at Santa Fe, New Mexico, before the Oil Conservation Commission of New Mexico, hereinafter referred to as the "Commission."

NOW, on this 20th day of February, 1985, the Commission, a quorum being present, having considered the testimony presented and the exhibits received at said hearing, and being fully advised in the premises,

FINDS THAT:

(1) Due public notice having been given as required by law, the Commission has jurisdiction of this cause and the subject matter thereof.

(2) The applicant, Belco Petroleum Corporation, seeks authority to drill its proposed Felmont Federal Well No. 1 at a location 660 feet from the North line and 1980 feet from the East line of Section 25, Township 20 South, Range 32 East, NMPM, Potash-Oil Area, Lea County, New Mexico.

(3) This matter was scheduled for hearing on June 28, 1973, was continued to a hearing on August 7, 1973, and was thereafter continued indefinitely.

(4) An excessive amount of time having elapsed with no subsequent request for setting a hearing date, this matter should be dismissed.

IT IS THEREFORE ORDERED THAT:

- (1) Commission Case No. 5007 is hereby dismissed.
- (2) Jurisdiction of this cause is retained for the entry of such further orders as the Commission may deem necessary.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.

Attention: Mr. A. L. Porter

Dear Mr. Porter:

This will confirm our telephone conversation of today in which on behalf of Kerr-McGee we requested a postponement of the hearing in the above matter which has presently been scheduled for August 7th. We request a postponement for it because Assistant Secretary of the Interior Wakefield has scheduled a hearing in his office in Washington, D.C. for the same date and we expect to participate along with other potash companies in presenting information pertaining to the oil-potash area and the problems in connection with possible oil or gas drilling therein.

Sincerely yours,

RODEY, DICKASON, SLOAN, AKIN & ROBB, P.A.

Dear John:

The enclosed copy of a letter from Lee G. Nering, Belco Petroleum Corporation, to Kerr-McGee Corporation, attention Mr. R. A. Haag, indicates that Belco has forwarded, on April 12, the Contact Caliper Log, the Forzo Log, and the Compensated Acoustic Velocity Log on Belco Petroleum Corporation's No. 1 Bass Federal Well in Section 30, Township 20 South, Range 33 East, Lea County, New Mexico. As you know, the Induction-Electric Log has already been forwarded to Kerr-McGee, and it is my understanding they now have all of the logs that were run on this well.

I trust this will meet Kerr-McGee's request for access to the logs.

Yours very truly,

Jason W. Kellahin

Re: Belco v. Kerr-McGee

Dear Jason:

Receipt is acknowledged of your letter of March 30th in which you advise that the log on the Belco well has at last been mailed to Kerr-McGee. I enclose herewith a copy of a letter from Mr. Haag of Kerr-McGee to Belco dated April 2, 1973 in which he points out that Belco sent Kerr-McGee only the induction-electric log, not the Gamma Ray-Acoustic Velocity, Contact-Caliper and Forxo surveys which were also run on the well. You have on a number of occasions during the past several weeks been advised by your client that the logs on the well had been sent to Kerr-McGee when in fact they had not, and now when at last we did receive a log it was incomplete. I dislike having such a hassle over such a simple matter. Would you kindly have your client forward us the missing surveys immediately at our expense. If for any reason Belco is not willing to do this, would you please at least have Belco forward the porosity log since it is impossible to make any determination of porosity and/or possible pay without having that log.

Sincerely yours,

RODEY, DICKASON, SLOAN, AKIN & ROBB, P.A.

RE: Belco #1 Bass-Federal
Section 30-T20S-R33E
Lea County, New Mexico

Dear Mr. Lomax:

I have received this date, a copy of the Induction-Electric log, only, on the above captioned well from Mr. Hering of your Midland office.

According to the heading on this log, a Gamma Ray-Acoustic Velocity, Contact-Caliper and Forxo surveys were also run on the subject well.

While I appreciate receiving the induction log, it is of course impossible to make any determination of porosity and/or possible pay without having also a porosity log.

Would you please send me a copy of the above mentioned porosity logs that were run on the #1 Bass-Federal. If you have no extra copies to spare, feel free to bill reproduction costs (for one copy of each log run) to Kerr-McGee at the above address.

Very truly yours,

Mr. A. L. Porter, Jr.
Oil Conservation Commission
P. O. Box 2088
Santa Fe, New Mexico 87501

Dear Mr. Porter:

I have been informed by Mr. Glenn Cope, Belco Petroleum Corporation, that their management had met with representatives of Kerr-McGee Corporation, in an effort to arrive at some agreement on the drilling of Belco's proposed well in the Potash Oil Area. You will recall a recent arbitration meeting was held concerning this well under the provisions of Commission Order No. R-111-A.

The parties have been unable to reach any agreement on this problem. For that reason I wish to request that you set for hearing before the Commission, at the earliest available date, the application of Belco Petroleum Corporation for permission to drill a well, to be located 660 feet from the North line, and 1980 feet from the East line of Section 25, Township 20 South, Range 32 East, ~~El~~ ^{Lea} County, New Mexico, or at such other location in the North half of Section 25 as the Commission may approve.

By copy of this letter, we are notifying Kerr-McGee and Teledyne Potash of this application.

Yours very truly,

Jason W. Kellahin

SECRETARY - DIRECTOR

February 16, 1973

Belco Petroleum Corporation
2000 Wilco Building
Midland, Texas 79701

Gentlemen:

Your application to drill your Felmont Federal Well No. 1 660 feet from the North line and 1980 feet from the East line, Section 25, Township 20 South, Range 32 East, Lea County, New Mexico, has been objected to by Kerr-McGee Corporation and Teledyne Potash. Commission Order No. R-111-A provides a procedure for an arbitration meeting in such instances, and since all of the interested parties will be present for a hearing on Wednesday, February 21 at 9 a.m. in the State Land Office Building, we have decided that this would be an appropriate time for the arbitration meeting. Please consider this as official notice that such a meeting will be held immediately following the hearing.

Very truly yours,

Case 5-007

KERR-McGEE BUILDING • OKLAHOMA CITY, OKLAHOMA 73102

February 13, 1973

JAMES J. KELLY
EXECUTIVE VICE PRESIDENT

Oil Conservation Commission
State Land Office Building
Santa Fe, New Mexico

Re: Belco Petroleum Corporation
Felmont Federal Well No. 1
660' FNL & 1980' FEL
Section 25, T-20-S, R-32-E
Lea County, New Mexico

Gentlemen:

Kerr-McGee Corporation is the lessee of United States Potassium Lease NM 0554862 including, among other lands, the NE/4 Section 25, T.20S, R. 32E., N.M. P.M., Lea County, New Mexico, Kerr-McGee hereby enters its objection to the approval of the application of Belco Petroleum Corporation.

Commercial deposits of potash are located in the NE/4 Section 25. Permitting the well to be drilled would constitute waste, in that production of gas would have the effect of reducing the total quantity of commercial deposits of potash that may be reasonably recovered in commercial quantities, would unduly interfere with the orderly development of the potash deposits and would create hazards to mining.

Very truly yours,

James J. Kelly
Executive Vice President

ATTN: A. L. PORTER, JR.
STATE LAND OFFICE BUILDING
SANTA FE, NEW MEXICO

GENTLEMEN:
KERR-MCGEE CORPORATION IS THE LESSEE OF UNITED STATES POTASSIUM LEASE NM 0554862 INCLUDING, AMONG OTHER LANDS, THE NE/4 SECTION 25, T-20-S, R-32-E, N.M.P.M., LEA COUNTY, NEW MEXICO. KERR-MCGEE HEREBY ENTERS ITS OBJECTION TO THE APPROVAL OF THE APPLICATION OF BELCO PETROLEUM CORPORATION TO DRILL THE FELMONT FEDERAL WELL NO. 1 IN SECTION 25, T-20-S, R-32-E, LEA COUNTY, NEW MEXICO.

COMMERCIAL DEPOSITS OF POTASH ARE LOCATED IN THE NE/4 SECTION 25. PERMITTING THE WELL TO BE DRILLED WOULD CONSTITUTE WASTE, IN THAT PRODUCTION OF GAS WOULD HAVE THE EFFECT OF REDUCING THE TOTAL QUANTITY OF DEPOSITS OF POTASH THAT MAY BE REASONABLY RECOVERED IN COMMERCIAL QUANTITIES, WOULD UNDULY INTERFERE WITH THE ORDERLY DEVELOPMENT OF THE POTASH DEPOSITS AND WOULD CREATE HAZARDS TO MINING.

LETTER WILL FOLLOW.

J. J. KELLY, EXECUTIVE VICE PRESIDENT
KERR-MCGEE CORPORATION

Case 5007

Mr. A. L. Porter, Jr.
Secretary-Director
Oil Conservation Commission
P. O. Box 2088
Santa Fe, New Mexico 87501

Dear Mr. Porter:

This is to advise you that Teledyne Potash wishes to formally protest the application for the permit to drill in Section 25, Township 20 South, Range 32 East, which has been filed by Belco Petroleum Corporation. The proposed location is within the area covered by Order R-111-A and is in a proven commercial ore body.

Very truly yours,

W. N. Stanley

Vice President of Operations
