Re: Case No. 5048 - examiner's docket 4-77 - January 19, 1977

Gentlemen:

Roger Hanks has contacted us in regard to the captioned case. This reopens Case No. 5048 pursuant to Order R-4637-A under which temporary special pool rules for the South Dagger Draw-Upper Pennsylvanian Associated Pool in Eddy County were adopted.

Mr. Hanks advises that he is in the process of taking bottom hole tests and gathering other pertinent information which he believes it would be desirable for the Commission to have and this information will not be completed before some time in February. For that reason, Mr. Hanks would like to have this case continued until the first examiner's hearing in March and we would like for you to consider this as a motion for such continuance. Unless we hear from you to the contrary, we will not plan to be present at the hearing on January 19.

Yours very truly,

HINKLE, COX, EATON, COFFIELD & HENSLEY

Last Friday we sent you the captioned Application with the proposed Rules. In rereading them, we note some typographical errors in Rule 9 and are therefore enclosing substitute page 4 in triplicate, and would appreciate your inserting them in the Application.

Our apologies for any inconvenience the foregoing has caused you.
