CASE NO.

RE: Application for Unorthodox
Location Drilling Permit
East Lake Morrow (Gas) Pool
Lake Shore Federal #1 Well
N/2 of Section 20, T19S, R27E
Eddy County, New Mexico

Gentlemen:

Mewbourne Oil Company, as operator, proposes to drill the captioned well at a point located 990 feet from the North line and 990 feet from the East line of the above described Section 20 to test all formations from the surface through the Morrow formation. The proposed test well will be drilled approximately 10,300 feet beneath the surface to the East Lake Morrow (Gas) Pool with the N/2 of the captioned Section 20 being dedicated to the well.

Mewbourne Oil Company is seeking an exception to the well location requirements of Division Rule 104 C.II.(a) and has applied with the Division for approval of an unorthodox gas well location as described above for all formations spaced on 320 acres.

Mewbourne wishes to drill its well at the proposed location as we feel it is necessary if we are to recover oil and gas reserves underlying our lease. We are also convinced that the distance from the proposed well location to other producers in the area is sufficient to insure no harmful effect on other producers.

If you have no objection to the Division granting Mewbourne approval to drilling its well at the proposed unorthodox gas well location, please sign and date the attached Waivers of Objection and return them to me for further handling in the enclosed self-addressed envelope.

Should you have any questions regarding Mewbourne's intentions as described above or wish to discuss this matter further, please call. Your prompt and favorable response will be greatly appreciated.

Sincerely,

Mewbourne Oil Company

D. Paul Haden

RE: Application for Unorthodox
Location Drilling Permit
East Lake Morrow (Gas) Pool
Lake Shore Federal #1 Well
N/2 of Section 20, T19S, R27E
Eddy County, New Mexico

Gentlemen:

Mewbourne Oil Company, as operator, proposes to drill the captioned well at a point located 990 feet from the North line and 990 feet from the East line of the above described Section 20 to test all formations from the surface through the Morrow formation. The proposed test well will be drilled approximately 10,300 feet beneath the surface to the East Lake Morrow (Gas) Pool with the N/2 of the captioned Section 20 being dedicated to the well.

Mewbourne Oil Company is seeking an exception to the well location requirements of Division Rule 104 C.II.(a) and has applied with the Division for approval of an unorthodox gas well location as described above for all formations spaced on 320 acres.

Mewbourne wishes to drill its well at the proposed location as we feel it is necessary if we are to recover oil and gas reserves underlying our lease. We are also convinced that the distance from the proposed well location to other producers in the area is sufficient to insure no harmful effect on other producers.

If you have no objection to the Division granting Mewbourne approval to drilling its well at the proposed unorthodox gas well location, please sign and date the attached Waivers of Objection and return them to me for further handling in the enclosed self-addressed envelope.

Should you have any questions regarding Mewbourne's intentions as described above or wish to discuss this matter further, please call. Your prompt and favorable response will be greatly appreciated.

Sincerely,

Mewbourne Oil Company

Dear Sirs:

Enclosed for your information is a copy of an Application for compulsory pooling of the N½ of Section 20, Township 19 South, Range 27 East, Eddy County, New Mexico, which was filed with the New Mexico Oil Conservation Division on behalf of Mewbourne Oil Company. Records indicate you own mineral interest in the N½ of Section 20. This application will be heard by the Oil Conservation Division on Thursday, June 13, 1991, at 8:15 a.m. at the Division's offices at 310 Old Santa Fe Trail, Santa Fe, New Mexico. Failure to appear at that time will preclude you from contesting this matter at a later date.

Very truly yours,

HINKLE, COX, EATON, COFFIELD &
HENSLEY
