Dear Mr. Cone:

We are interested in acquiring an Oil and Gas Lease on behalf of Nearburg Exploration Company covering the above described lands. A review of the Lea County Records indicates that you are the owner of an undivided 1/40 mineral interest (3.885 net acres) under this tract.

The Nearburg's have authorized a bonus of \$50.00 per net acre for a six month Lease, reserving a 1/4 royalty. We would be agreeable to a 180 day continuous development clause.

If satisfactory or should you wish to discuss the foregoing, please call at our cost at the above number. Your consideration to this matter would be greatly appreciated.

Dear Mr. Cone:

This letter is to advise you that Nearburg Producing Company has filed an application with the New Mexico Oil Conservation Division seeking the force pooling of all mineral interests in the Pennsylvanian formation in and under Section 30, Township 19 South, Range 36 East, N.M.P.M., Lea County, New Mexico. Nearburg Producing Company proposes to dedicate the referenced non-standard 632.5-acre pooled unit to a well to be located at a standard location.

This application has been set for hearing before a Division Examiner on July 25, 1991. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases have been requested by the Division (Memorandum 2-90) to file a Prehearing Statement substantially in the form prescribed by the Division. Prehearing statements should be filed by 4:00 o'clock p.m. on the Friday before a scheduled hearing.

Dear Ms Cone:

This letter is to advise you that Nearburg Producing Company has filed an application with the New Mexico Oil Conservation Division seeking the force pooling of all mineral interests in the Pennsylvanian formation in and under Section 30, Township 19 South, Range 36 East, N.M.P.M., Lea County, New Mexico. Nearburg Producing Company proposes to dedicate the referenced non-standard 632.5-acre pooled unit to a well to be located at a standard location.
