BEFORE THE NEW MEXICO OIL CONSERVATION DIVISION

RECEIVED

APR 21 1962

APPLICATION OF MEWBOURNE OIL COMPANY
FOR COMPULSORY POOLING, EDDY COUNTY,
NEW MEXICO.

No. 10477 OIL CONSERVATION DIVISION

APPLICATION

Mewbourne Oil Company hereby makes application for an order pooling all mineral or leasehold interests from the surface to the base of the Morrow formation underlying the N $\frac{1}{2}$ of Section 26, Township 19 South, Range 27 East, N.M.P.M., Eddy County, New Mexico, and in support thereof states:

1. Applicant is an interest owner and has the right to drill a well in the N $\frac{1}{2}$ of said Section 26.

2. Applicant proposes to drill its Angell Ranch 26 State No. 1 Well in the N $\frac{1}{2}$ of Section 26, at an unorthodox location in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 26, to a depth sufficient to test the Morrow formation, and seeks to dedicate the following acreage to the well:

(a) The N $\frac{1}{2}$ of Section 26 for all pools or formations spaced on 320 acres;

(b) The NE $\frac{1}{4}$ of Section 26 for all pools or formations spaced on 160 acres; and

(c) The NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 26 for all pools or formations spaced on 40 acres.

3. Applicant intends to seek approval of the unorthodox location separately from this application.

4. Applicant has in good faith sought to join all other mineral or leasehold interest owners in the N $\frac{1}{2}$ of Section 26 for the purposes set forth herein.

5. Although Applicant attempted to obtain voluntary agreements from all mineral or leasehold interest owners to participate in the drilling of the well or to otherwise commit their interests to the well, certain interest owners have failed or refused to join in dedicating their acreage. Therefore, Applicant seeks an order pooling all mineral and leasehold interest owners underlying the N $\frac{1}{2}$ of Section 26, as described above, pursuant to N.M. Stat. Ann. § 70-2-17 (1987 Repl.).

6. Applicant requests the Division to consider the cost of drilling and completing the well, the allocation of the cost thereof, as well as actual operating charges and costs charged for supervision (including an escalation provision for operating or supervision charges). Applicant requests that it be designated as operator of the well and that the Division set a penalty of 200% for the risk involved in drilling the well.

7. The pooling of all interests underlying the N $\frac{1}{2}$ of Section 26, as described above, will prevent the drilling of unnecessary wells, prevent waste, and protect correlative rights.

WHEREFORE, Applicant requests that the Division grant the relief requested above.
