Re: APPLICATION OF MITCHELL ENERGY CORPORATION
FOR NON-STANDARD UNITS AND UNORTHODOX WELL LOCATION
PROPOSED *CRAZY HORSE "18" FEDERAL WELL NO. 1*
SECTION 18, TOWNSHIP 19 SOUTH, RANGE 32 EAST
LEA COUNTY, NEW MEXICO

Dear Mr. Shackleford:

Mitchell Energy Corporation intends to make application for a Permit to Drill the captioned well. The proposed location is 660 feet from the west line and 1980 feet from the north line of Section 18, Township 19 South, Range 32 East, Lea County, New Mexico, as shown on the attached plat. The well has multiple objectives and we have listed the applicable pool and special pool rules, if any, below:

<u>Pool</u>	<u>Well Spacing and Density Requirement</u>
Lusk - Delaware (Oil)	40 acre Proration Units; 330' from any boundary line and 330' from nearest well on unit producing from same pool. (Statewide Rules)
Lusk - Bone Spring (Oil)	Same as above
Lusk - Wolfcamp (Oil)	Same as above
Lusk - Strawn (Oil)	160 acre Proration Units; 660' from any quarter section line and 330' from any quarter-quarter section line. (Special Pool Rules)

Lusk - Atoka (Gas)

320 acre Proration Units; 660 from nearest side boundary and 1980' from nearest end boundary. (State-wide Rules)

Lusk - Morrow (Gas)

640 acre Proration Units; 330' to the outer boundary of the SW/4 NE/4, NW/4 SE/4, NE/4 SW/4, or SE/4 NW/4 of the section. (Special Pool Rules)

Please note that the proposed location is unorthodox as to the Lusk (Atoka) and Lusk (Morrow) Pools, but is orthodox as to all other pools.

Mitchell is also considering requesting approval of non-standard units to permit the establishment of a 281.61 acre unit for the Lusk (Atoka) and Lusk (Morrow) Pools and a 121.61 acre unit for the Lusk (Strawn) Pool.

Mitchell is requesting a waiver of objection from all interested parties so the non-standard units and unorthodox location may be approved without a hearing. Please indicate below whether or not you have any objection to this application and return two (2) executed copies of this letter to me in the enclosed self-addressed, postage paid envelope. The third copy is for your file. If we have not received your response within 30 days of the date of this letter, it will be assumed that you have no objection to this application.

Please note that the proposed location is unorthodox as to the Lusk (Atoka) and Lusk (Morrow) Pools, but is orthodox as to all other pools.

Mitchell is requesting a waiver of objection from all interested parties so the non-standard units and unorthodox location may be approved without a hearing.
