SUBJECT: USE OF PARK ROADS FOR ACCESS TO WELL LOCATIONS

DATE: JULY 24, 1992

If you plan to use park roads to access drilling locations or production sites, please notify the appropriate park service personnel prior to using the roads. The use of these roads by commercial vehicles could cause damage to irreplaceable and valuable historical resources. In many cases park personnel can suggest alternate means of accessing the location which would minimize environmental impact and reduce the risk of damage to artifacts and historical ruins.
