STATEMENT OF CASE

APPLICANT

(Please make a concise statement of what is being sought with this application and the reasons therefore.)

Yates Petroleum Corporation, applicant in the above-captioned cause, (subsequent to Division Order No. R-9740, dated October 13, 1992) seeks to reopen this matter to present new evidence to support its original application for an unorthodox gas well location for its Irish Hills "KW" State Well No. 3, located 660 feet from the North and East lines (Unit A) of Section 2, Township 19 South, Range 24 East, to test all formations and/or pools from the top of the Wolfcamp formation to the base of the Morrow formation which are spaced on 320-acre spacing. Lots 1 through 4 and the S/2 N/2 (N/2 equivalent) of said Section 2 are to be dedicated to said well forming a standard 321.08-acre gas spacing and proration unit. Further, applicant seeks an exception to Division General Rule 104.C(2) to allow the N/2 equivalent of said Section 2 to be simultaneously dedicated in the Penasco Draw-Permo Pennsylvanian Gas Pool to the proposed well and to the existing Irish Hills "KW" State Well No. 2 located at a standard gas well location 1980 feet from the North and East lines (Unit G) of said Section 2.

This case was heard on June 17, 1993. Following the hearing, it was discovered that certain offset owners had not been properly notified of this application. Accordingly, this case has been reopened to permit additional notice of this application to be provided to affected interest owners. Yates, however, does intend to present testimony on July 29. When the case is called, a Notice Affidavit will be presented and Yates will request that the case be taken under advisement and an Order entered based on its June 17th presentation.
