Case 10611
Order R-9801

Re: Nomenclature Case for District 3

Dear Florene:

Enclosed, please find a letter from Michael Stogner to Mobil Producing Tx & NM Corporation and a letter addressed to me from Giant Exploration and Production Company requesting nomenclature changes. Please include these letters in the case file. Also enclosed is a copy of the exhibits.

Our nomenclature case includes the following changes:

1. Abolishment of the listed pools under the following counties:

Rio Arriba

Lindrith-Dakota Oil Pool
Lindrith-Gallup Gas Pool

Sandoval

Media-Gallup Oil Pool

2. Deletion of a portion of the listed pools under the following county:

Rio Arriba

Gavilan-Greenhorn Graneros Dakota Oil Pool
Gavilan-Mancos Oil Pool

Nomenclature Page 2.

3. Extension of the listed pools under the following counties:

Sandoval

South San Luis-Mesaverde Oil Pool

San Juan

Angel Peak-Gallup Associated Pool

Bisti-Lower Gallup Oil Pool

Snake Eyes-Dakota D Gas Pool

South Bisti-Gallup Oil Pool

West Kutz-Pictured Cliffs Gas Pool

Verde-Gallup Oil Pool

Rio Arriba and Sandoval

Counselors-Gallup Dakota Oil Pool

West Lindrith-Gallup Dakota Oil Pool

Rio Arriba and San Juan

Blanco-Mesaverde Gas Pool

Rio Arriba, Sandoval and San Juan

Lybrook-Gallup Oil Pool

Your's truly,

A handwritten signature in black ink, appearing to read "Ernie Busch". The signature is fluid and cursive, with a long horizontal stroke at the end.

Mobil Exploration and Production U.S., Inc.
c/o Montgomery and Andrews, P.A.
P.O. Box 2307
Santa Fe, NM 87504-2307

Attention: Gary Kilpatric

RE: Application to contract the boundaries of the Gavilan-Mancos Oil Pool, the Lindrith Gallup Pool and the Lindrith Dakota Pool and to extend the boundary of the West Lindrith Gallup-Dakota Oil Pool, in a portion of Township 24 North, Range 2 West, NMPM, Rio Arriba County, New Mexico.

Dear Mr. Kilpatric:

In reviewing your application for hearing dated July 28, 1992 on the subject matter, it appears that your request could best be administered through the Aztec District Office's recommendation procedure under General Rule No. 5. This procedure will alleviate the need for Mobil to travel to Santa Fe and incur those expenses required in appearing at a hearing.

Please contact Ernie Busch in the Aztec office concerning the information needed so that these changes can be included in the next regular Northwest New Mexico nomenclature case.

Should you have any questions, please contact Mr. Busch's phone number (505) 334-6178.

Sincerely,

Michael E. Stogner
Chief Hearing Officer/Engineer

Subject: Contraction of the Gavilan Mancos and
Gavilan Greenhorn-Graneros-Dakota Pools and
Extension of the West Lindrith Gallup-Dakota Pool,
Rio Arriba County, New Mexico

Dear Mr. Busch:

Per our recent telephone conversation, Giant Exploration & Production Company is in receipt of an application by Mobil Exploration & Producing U.S., Inc. to expand the West Lindrith Gallup-Dakota Pool. The application seeks to remove the east half of Sec. 6 and 8 and all of Sec. 7, T24N, R2W from the Gavilan Pools and include them in the West Lindrith Pool.

Giant supports this application, but recommends that our lease in the west half of Sec. 5 also be included (please refer to the attached map.) We have had discussions with Mr. Don Evans, who is the lessor of W/2 5, and believe that he would be in strong support of this. We would be happy to provide further information as may be necessary for the NMOCD to consider this recommendation. If I can answer any questions in this matter please do not hesitate to call.

Very truly yours,

John C. Corbett
Vice President

MEMORANDUM

TO: Ernie Busch, District Geologist

FROM: Michael E. Stogner, Chief Hearing Examiner/Engineer *M.E.S.*

SUBJECT: District III Nomenclature

DATE: October 8, 1992

In preparing an advertisement for the District III nomenclature case from your letter of September 30, 1992, we found a few discrepancies which need further explanation before the Division can commence any further with this matter.

- (1) Paragraph (c) proposes the abolishment of the Media Gallup Oil Pool in Sandoval County. Our records indicate that only two wells were ever completed in this pool and production totaled 20,597 barrels of oil and 820 MCF of gas. If this pool were to be abolished, to what pool then would this production be attributed?
- (2) Paragraph (n) proposes, in part, the extension of the West Lindrith-Gallup Dakota Oil Pool to include the NE/4 of Section 9, Township 24 North, Range 3 West, NMPM, Rio Arriba County. Our records show that extensions in said Section 9 were made in the following manner:
 - W/2: R-7764
 - SE/4: R-8022
 - NE/4: R-8273.

It would therefore appear that all of said Section 9 is already included in the West Lindrith-Gallup Dakota Oil Pool. Should this proposed extension then be omitted?

- (3) Paragraph (o) proposes, in part, the extension of the Blanco-Mesaverde Pool to include the S/2 of Section 21 and all of Section 26, both in Township 26 North, Range 6 West, NMPM, Rio Arriba County. Our records show that the extension of the S/2 of said Section 21 into said pool was authorized by Division Order No. R-7185 and the E/2 of said Section 26 was incorporated by Order No. R-8273. Should that portion of paragraph (o) dealing with

TOWNSHIP 26 NORTH, RANGE 6 WEST, NMPM be amended to read as follows:

Section 26: W/2
Sections 27 and 28: All
Sections 33 through 36: All?

- (4) Should there also be a deletion of the SW/4 of Section 8, Township 21 North, Range 8 West, NMPM, San Juan County for the Basin Dakota Pool in order to accommodate the extension of the Snake Eyes-Dakota "D" Pool, as proposed by paragraph (i)? By Order No. R-4343 such a deletion was made when the Snake Eyes pool was created and defined.
- (5) Please note, all nomenclature matters should be in alphabetical order regardless of which county they are located in and in the following sequence:
- Creations
 - Abolishments
 - Extensions/Redesignations/Contractions

Your quick response would be most appreciated in order for us to place this on the docket for the next available examiners hearing. Also, a written confirmation will serve to help us in preparing and recording accurately the statewide nomenclature books that are kept up to date just as soon the Districts turn in such request, which is usually on a monthly basis. These books on nomenclature will be even more important as ONGARD continues. Consistency in the frequency, the methodology in the way the pool nomenclature is processed and maintained, and even the way pools are named (see Order Nos. R-9690 and R-8090 for written and signed confirmation to this approved policy) will assure that the needs will be better served by the industry and the other governmental agencies who utilize this important data.

M-E-M-O-R-A-N-D-U-M (3-92-15)

TO: Michael E. Stogner, Chief Hearing Examiner/Engineer

FROM: Ernie Busch, District III Geologist 

SUBJECT: District III Nomenclature/Memorandum October 8, 1992

DATE: October 19, 1992

In response to item (1) in your memorandum, dated October 8, 1992, division order R-9701 created the Rock Mesa-Mancos Oil Pool without regard to the existing Media-Gallup Oil Pool. On about August 11, 1992, you requested that I create a case to abolish this pool since it was not taken care of when the order was written. As to the other items (2) through (5), please find enclosed amended case exhibits incorporating each in turn. As to your last paragraph concerning monthly nomenclature cases, it would be highly impractical since we do not have that many nomenclature changes on a monthly basis. Thank you for pointing out the omissions in my case exhibits.
