Re: Pooling Hearing  
Indian Hills Prospect

Dear Gary:

As non-operator, and as having a part in the existing Joint Operating Agreement dated June 15, 1992 between Santa Fe and Neste Oil, Inc. which covers Section 27, T21S-R24E NMPM, Neste hereby advises that Neste prefers that Santa Fe be designated as the operator of the proposed Rocky Top Federal 27 #1 well rather than Yates Petroleum. We also request that the entire Section 27 be pooled as a working interest unit.

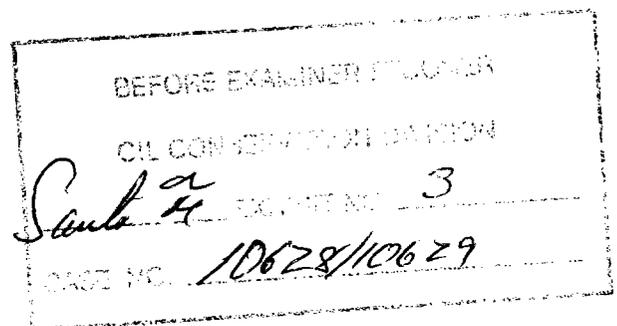

Sincerely,

NESTE OIL, INC.
