STATEMENT OF CASE

APPLICANT

(Concise statement of what is being sought with this application and the reasons therefore.)

Application of Seely Oil Company for statutory unitization, and a waterflood project, Lea County, New Mexico.

OPPOSITION OR OTHER PARTY

(Concise statement of the basis for opposing this application or otherwise state the position of the party filing this statement.)

At this time Santa Fe Exploration Company has not formulated its opposition principally due to the fact that Seely Oil Company and Santa Fe Exploration have been negotiating Seely's purchase of the Santa Fe interests in the unit. Due to Seely's representations, Santa Fe Exploration realistically believed that its interests would be bought by Seely since Santa Fe Exploration has had no interest in participating in the unit or assuming costs incurred in association with Seely's associated waterflood project.

PROPOSED EVIDENCE

APPLICANT

WITNESSES (Name and expertise)	EST. TIME	EXHIBITS
Unknown at this time.		

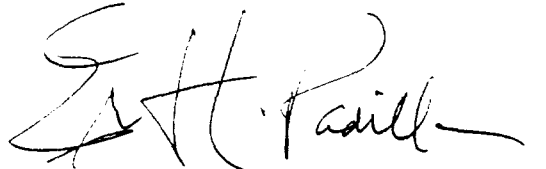

OPPOSITION

WITNESSES (Name and expertise)	EST. TIME	EXHIBITS
Unknown at this time, but Santa Fe Exploration will probably call a petroleum engineer.		

PROCEDURAL MATTERS

(Identify any procedural matters which
need to be resolved prior to the hearing.)

We have assumed that Cases 10647 and 10648 will be consolidated for hearing and would have no objection thereto.
