Re: Case No. 10806:
Application of Kinlaw Oil Corporation for horizontal drilling, Lea County,
New Mexico

Dear Mr. Stogner:

As Kinlaw indicated at the September 23, 1993 hearing in Cases 10807, 10808 and 10809, they were unable to successfully reenter the Magnolia Petroleum New Mexico "M" Well No. 1 which was the subject of Division Case No. 10806. Accordingly, Kinlaw now requests that its application in Case 10806 be dismissed.

Your attention to this matter is appreciated.

Very truly yours,

WILLIAM F. CARR

Attn: Ms. Tanya Trujillo

Dear Ms. Trujillo:

I have reviewed the information you supplied regarding the horizontal test well that your client, Kinlaw Oil Corporation, has proposed in Section(s) 35 & 36, Township 15 South, Range 37 East, Lea County, New Mexico. As understood, the test well is to have a surface location in the NW/4 SW/4 of section 36 in the above mentioned township and range, and have a projected bottom hole location in the NE/4 SE/4 of section 35 in the above mentioned township and range. The surface location incorporates state oil and gas lease # VA-965 and the proposed bottom hole location incorporates state oil and gas lease # VA-964, both held by Energy Pro as the lessee of record. The prospective productive pool is the South Denton-Devonian (Oil) which requires a 40 acre proration unit.

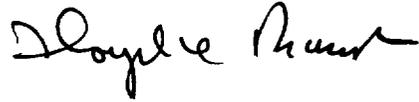

The State Land Office will not object to the above mentioned proposal by Kinlaw Oil Co. if the following conditions are met:

- 1) A commercial lease is obtained through the State Land Office Commercial Division for the surface use of section 36 of the above mentioned township and range. Lease No. VA-965.
- 2) Oil Conservation Division approval is obtained, and that such approval reflects the conditions of the State Land Office as mentioned above in article #1.
- 3) Documentation verifying approval from the lessee of record, Energy Pro, must be received prior to State Land Office concurrence.

As we discussed, Kinlaw Oil Company has expressed interest in applying to the OCD for a special pool rule allowing for an 80 acre proration unit. It is the policy of this office to concur with the decisions by the OCD. If the OCD approves communitization for the E/2 SE/4 (80 ac.), of section 35, or the NE/4 SE/4 of section 35 plus the NW/4 SW/4 of section 36 (80 ac.), we will concur.

If you have any questions please call Jeff Albers at (505) 827-5759.

Sincerely,

A handwritten signature in black ink, appearing to read "Floyd O. Prando". The signature is fluid and cursive, with the first name "Floyd" being the most prominent.

Floyd O. Prando, Director
Oil, Gas and Minerals Division
