**STATEMENT OF CASE**

**APPLICANT**

(Please make a concise statement of what is being sought with this application and the reasons therefore.)

Yates Petroleum Corporation, applicant in the above-captioned cause, seeks to amend Division Order No. R-9976 to expand its pilot project within portions of the Pecos Slope Abo-Gas Pool by adding spacing units upon which may drill an additional well to determine if infill development is necessary to effectively and efficiently drain the Abo formation. The requested expansion is to include portions of Townships 5, 6 and 7 South, Ranges 25 and 26 East.

**OPPOSITION OR OTHER PARTY**

(Please make a concise statement of the basis for opposing this application or otherwise state the position of the party filing this statement.)

TO: Interest Owners in the Pecos Slope-Abo Gas Pool Area

Gentlemen:

Yates Petroleum Corporation hereby notifies you that it has filed an application at the New Mexico Oil Conservation Division seeking the adoption of Special Pool Rules and Regulations for the Pecos Slope-Abo Pool including provisions authorizing the drilling of an optional additional well on each spacing and proration unit, and other provisions necessary to implement infill drilling in this pool. The Pecos Slope-Abo Gas Pool currently comprises approximately 199,000 acres in all or portions of Townships 4, 5, 6, 7, and 8 South, Ranges 24, 25, 26, and 27 East.

This case has been set for hearing before a Division Examiner on November 2, 1995 in the City Council Chambers on the Second Floor of the Roswell City Hall, 425 North Richardson Street, Roswell, New Mexico 88201.

At the November 2, 1995 Examiner Hearing, Yates will also review the geologic and engineering data acquired from its Pilot Infill Drilling Program in the portions of the Pecos Slope-Abo Gas Pool which it has operated pursuant to Division Order Nos. R-9976 and R-9976-A entered in Case Nos. 10793, 10981 and 11004.

You are not required to attend this hearing, but as the owner of an interest which may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record could preclude you from challenging the matter at a later date.

Parties appearing in cases before the Division have been requested to file a Prehearing Statement substantially in the form prescribed by the Oil Conservation Division Memorandum 2-90. Prehearing Statements should be filed by 4:00 p.m. on the Friday before a scheduled hearing.

Very truly yours,

YATES PETROLEUM CORPORATION

Re: Yates Petroleum Corp.  
Application for Spacing Hearing-- 11/2-11/3/95  
Roswell. N.M.

Dear Sir,

I appreciate your return call of Nov. 1, 1995 and respectfully request your due consideration to decline the above noted hearing.

I am enclosing a letter from Mr. Stinson Daniels (J. W. Daniels) protesting this procedure.

Also enclosed are the individual letter (copies) as addressed to Mr. Daniels and to Betty J. Moats re the above hearing.

Re the Yates letters signed by Mecca Mauritsen, you will note both letters are similar but not the same.

Our letter describes the area as TWPs 5,6,7,8,9. Daniels letter says TWPS 4,5,6,7,8. Ranges are stated on our letter as 21,22, & 23 East. Ranges on Mr. Daniels letter state 24,25,26, & 27 east. I trust these are duly noted by you.

Furthermore, the totals noted in Yates letter are different. As noted on our letter the proposed area contains approximately 92,480 acres. Mr. Daniels letter noted the area contains approximately 199,000 acres.

The differences I have pointed lead me to believe someone is directly lying for a purpose.

I feel this entire procedure should be permanently TABLED due to misinformation.

We feel there is no need to add additional well allocations in this area due to the amounts of surface damages incurred that are impossible to repair in a reasonable time.

Regarding surface damages, I shall be happy to show current surface conditions from ~~XXXX~~ other wells that have not regained their use as of today.

We hereby advise you that we will not approve of the Yates request and will not accept the approval of same.

Sincerely,

  
Betty J. Moats

TO: Interest Owners in the West Pecos Slope-Abo Gas Pool Area

Gentlemen:

Yates Petroleum Corporation hereby notifies you that it has filed an application at the New Mexico Oil Conservation Division seeking the adoption of Special Pool Rules and Regulations for the West Pecos Slope-Abo Pool including provisions authorizing the drilling of an optional additional well on each spacing and proration unit, and other provisions necessary to implement infill drilling in this pool. The West Pecos Slope-Abo Gas Pool currently comprises approximately 92,480 acres in all or portions of Townships 5, 6, 7, 8, and 9 South, Ranges 21, 22, and 23 East.

This case has been set for hearing before a Division Examiner on November 2, 1995 in the City Council Chambers on the Second Floor of the Roswell City Hall, 425 North Richardson Street, Roswell, New Mexico 88201.

At the November 2, 1995 Examiner Hearing, Yates will also review the geologic and engineering data acquired from its Pilot Infill Drilling Program in the portions of the Pecos Slope-Abo Gas Pool which it has operated pursuant to Division Order Nos. R-9975 and R-9976-A entered in Case Nos. 10793, 10981 and 11004.

You are not required to attend this hearing, but as the owner of an interest which may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record could preclude you from challenging the matter at a later date.

Parties appearing in cases before the Division have been required to file a Prehearing Statement substantially in the form prescribed by the Oil Conservation Division Memorandum 2-90. Prehearing Statements should be filed by 4:00 p.m. on the day before a scheduled hearing.

Yates Petroleum Corporation  
Pilot Enhanced Recovery Project  
Pecos Slope Abo Gas Pool, Chaves County, New Mexico

Dear Mr. Kellahin:

Enclosed are copies of Yates Petroleum Corporation's decline curves for its infill wells in Phase I and Phase II of its pilot infill drilling program in the Pecos Slope Abo Gas Pool.

As usual, I note that you decided to send demand letters to me early in a week in which you knew I would be out of town and unavailable for response. Copying these letters to the Examiner suggests to me that you are more interested in posturing before the Division than acquiring information.

Very truly yours,

WILLIAM F. CARR
