STATEMENT OF CASE

APPLICANT

Applicant is the operator of several wells, as listed in the Application, each of which is producing from the South dagger Draw-Upper Pennsylvanian Associated Pool in Eddy County, New Mexico.

In Case No. 5813, Order R-5353, the Commission set general rules applicable to all associated pools and Special Rules and Regulations for the South Dagger Draw - Upper Pennsylvanian Associated Pool. Order No. R-5353-A, dated March 15, 1977, made permanent the Special Rules and Regulations adopted in Order No. R-5353. Applicant seeks to amend the Special Rules numbered 2b, 6 and 22 to read as follows:

Rule 2b. Each well shall be located no nearer than 660 feet to the nearest side boundary of the tract, no nearer than 660 feet to the nearest end boundary of the tract, nor closer than 330 feet to any quarter, quarter section or subdivision inner boundary.

Rule 6. The limiting gas-oil ratio shall be 10,000 cubic feet of gas for each barrel of oil produced.

Rule 22. The special depth [allowable] for an oil well on a 320 acre tract shall be 700 barrels of oil per day.

The approval of this application will afford Applicant the opportunity to produce its just and equitable share of gas and oil, and such amendment is feasible in accordance with good conservation practices, and will otherwise prevent waste, and protect correlative rights.

OPPOSITION OR OTHER PARTY

See attached Exhibit "A", which sets out the offset operators and interest owners, noting which have provided waivers.
