*RE: Administrative Application for a non-standard oil well location. Federal 31 Well No. 4; 1288' FNL - 1246' FEL, A-31-T24N-R7W, Lybrook Gallup Oil Pool, Rio Arriba County, New Mexico.*

Dear Mr. Kendrick:

Reference is made to the subject application date November 2, 1990. After review of this filing by both the Santa Fe and Aztec Offices of the OCD, it has been determined that due to the extreme nature of the unorthodox location, this matter should be set for hearing before an Examiner for further consideration.

Therefore, this application shall be placed on the next available docket for the Examiner Hearing scheduled for January 10, 1991.

Should you wish to make application to directionally drill this well from the proposed surface location to a legal bottomhole location in the NE/4 NE/4 of said Section 31, the Division would consider such matter administratively.

Sincerely,

Michael E. Stogner  
Chief Hearing Officer/Engineer
