For the Oil Conservation

For the Applicant:

MR. STAMETS: Call Case 8182.

MR. CARR: May it please the Examiner, a stipulation has been entered between the parties to this case and the subsequent case. The stipulation has been entered into by Jeff Taylor for the Commission, Steve Daugherty for Northwest Pipeline, Tom Jensen for El Paso Natural Gas Company, and Steve James for Mesa.

There is a letter confirming this that we believe is -- has been sent to the Commission, may be here.

In any event, the stipulation provides that the record of the Examiner Hearing, including the supplemental memoranda that were filed following the hearing, by stipulation can be used as the basis for the de novo hearing and will constitute the record in this proceeding, and that you may review that and act upon that in issuing a Commission order.

The parties also would request that it be clear that one, no additional testimony will be entered and two, that each party to the proceeding before the Examiner will remain a party of record in this matter.

MR. STAMETS: All right, let me call, then, Case 8183, which is also the same style, appli-

5 corporate the record in the Examiner case in each of these
6 cases and the Commission will review the record in each case
7 and issue either a new order or orders confirming the origi-
8 nal Examiner order in each of these cases.

10 these cases?
