Dear Bill:

I have two cases pending for Mr. Hartman waiting for supplemental information.

On July 11, 1984, I heard Cases Nos. 8227 and 8252 in which Mr. Hartman sought Hardship Gas Well designation for his Gulf Greer Well No. 1 and Bates BB&S Well No. 1, respectively. At the conclusion of the hearing I requested log off tests on both wells. To date neither test has been received by me.

If these log off tests are not supplied to me by February 15, 1985, I will either dismiss or deny the applications.

Sincerely,

R. L. STAMETS
Director
