Re: Application for Non-standard Location
Tatum Wolfcamp Pool
Lea County, New Mexico

Gentlemen:

Attached is a copy of the subject application as discussed with Mr. Stamets September 25, 1984. The original application had not reached its destination and he suggested that it be resubmitted.

Thank you for your attention to this matter.

Truly yours,

A handwritten signature in cursive script, appearing to read "Robert R. Glenn".

Re: Application for Non-standard Location
Tatum Wolfcamp Pool
Lea County, New Mexico

Gentlemen:

J. M. Huber Corporation hereby makes application for a non-standard location in exception to Field Rule No. 3 for the Tatum Wolfcamp Pool, Lea County, New Mexico. The proposed non-standard location is 660' FSL & 660' FWL, Sec. 32, T12S, R36E, which is the center of the SW $\frac{1}{4}$ of SW $\frac{1}{4}$ of the section. Rule No. 3 requires that the well be located in either the NW $\frac{1}{4}$ or SE $\frac{1}{4}$ of the quarter section. The exception is being requested for geological reasons.

J. M. Huber Corporation respectfully requests that the application be scheduled for hearing at the earliest possible date. The operators offsetting the subject proration unit have been notified of the application for a non-standard location by registered mail.

Thank you very much.

Truly yours,

Robert R. Glenn
District Production Manager
