Case No. 2476

Re: Goldengate Prospect
Gladiola Field
NW/4 Section 18, T12S, R38E
Lea County, New Mexico

An examination of the Lea County Deed Records indicates you to be the owner of an undivided net mineral acres under the above referenced 160 acre tract. Cavalcade Oil Corporation has acquired oil and gas leases covering a majority interest in this tract and has plans to commence drilling a well thereon.

Prior to commencement of drilling operations it is necessary that we obtain signed oil and gas leases from all mineral owners or force pool their interests through compulsory pooling proceedings as provided for under the oil conservation laws of the State of New Mexico.

Cavalcade hereby offers to lease your minerals for a primary term of six (6) months from January 22, 1985 using the enclosed New Mexico Producers 88 lease form providing for 3/16 royalty. In lieu of the usual bonus paid for long term leases Cavalcade's offer is a commitment to drill as consideration for this extremely short term lease. If Cavalcade does not drill the lease will terminate as of July 22, 1985.

Please sign, have notarized and return the lease in the enclosed self addressed envelope. If you have any questions please contact the undersigned. Failure to respond to this offer will result in a state order pooling your mineral interest as provided under compulsory pooling law.

Very truly yours,

CAVALCADE OIL CORPORATION
