Re: EL-MY-RI Oil Co. J-34-30N-11W

Dear Jeff:

The referenced well was drilled in 1958 and completed as a dry hole. The well was plugged back to 800' and converted to a water well in 1963. The affidavit of responsibility for conversion to a water well was signed by David Martin (Land owner), however, it is my understanding that David Martin is deceased and that the property has been owned by several different individuals since 1963. The well is venting a small amount of gas, and oil is standing inside the casing at about 500'.

Please docket a case calling for all interested parties to appear and show cause why the referenced well, located 2190' from the south line and 2190' from the east line of Section 34-30N-11W, should not be reentered and plugged and abandoned in accordance with a Division approved plugging program.

The plugging bond was cancelled in 1963.

Yours truly,

Charles Gholson
Oil & Gas Inspector
