Gentlemen,

HCW Exploration, Inc. hereby requests approval for a non-standard unit on above referenced well. We wish to dedicate the northeast quarter of Section 31 (160 acres) to the R. W. Cowden "C" #9 well to be drilled as a Yates gas well in the Jalmat (Gas) pool. The R. W. Cowden "C" #4 located in the northwest quarter of Section 31 is currently producing and its proration unit will be reduced from the north half of Section 31 (320 acres) to the northwest quarter of Section 31 (160 acres). The standard proration unit size for a well in the Jalmat (Gas) pool is 320 acres. Should you have no objection to our request to drill the above referenced well on a non-standard 160 acre unit, please acknowledge your approval by signing below, and returning to us in the self-addressed stamped envelope. Thank you for your consideration in this matter.

Very Truly Yours,

Steve A Douglas
